

DOGGER BANK D WIND FARM

PUBLIC CONSULTATION

26 SEPTEMBER - 7 NOVEMBER 2023

Earlier this year SSE Renewables and Equinor announced plans to develop Dogger Bank D, a potential new fourth phase of the Dogger Bank Wind Farm, the world's largest offshore wind farm.

We are exploring different opportunities in parallel to utilise the energy produced by Dogger Bank D:

Electrical Transmission

Providing electricity for homes and businesses by linking to the transmission system, either via a connection into the UK national grid or a connection offshore to a wider coordinated network to Europe.

Hydrogen Production

Producing hydrogen in a new large-scale onshore facility in the East Riding of Yorkshire to connect to a wider hydrogen network, for various potential uses such as the decarbonisation of energy-intensive industries in the Humber.

Come to find out more at our public consultation events or attend our webinar.

FIND OUT MORE ABOUT THE PROJECT

Saturday 7 October from 10am - 2pm
Beverley Memorial Hall, 73-75 Lairgate, Beverley HU17 8HN

Tuesday 10 October from 12pm - 5.30pm
Hull City Hall, Mortimer Suite, Queen Victoria Square, Kingston upon Hull HU1 3RQ

Wednesday 11 October from 2pm - 7pm
Alexandra Hall, St Augustine's Gate, Hedon HU12 8EX

Thursday 12 October from 2pm - 7pm
Aldbrough Village Hall, Garton Road, Aldbrough HU11 4QA

Thursday 19 October from 6pm - 7pm
